いたばし防災プラス Map

Tokiwadai Area
[Earthquake]

Regional Disaster Prevention Support Section, Itabashi City—March 2026

- This map was co-created by Tokiwadai Area residents and Itabashi City during the 2025 Itabashi City Area-Based Disaster Prevention Manual Workshop.
- To prepare for an earthquake, consider potential earthquake-related hazards in particular. Then, review how to respond to them using disaster relief resources.

Local Disaster Prevention Rules for the Tokiwadai Area

- Establish rules for each group within the neighborhood association and check each other's safety.
- Implement the rolling stock method* at home.
  * Always buy a little extra food and regularly rotate your stock by replacing consumed items with new ones.
- Actively participate in disaster drills and soup kitchen drills organized by the neighborhood association.

Earthquake Hazard Areas

Collapse of home or fire hazard

Concrete block wall

Community Disaster Relief Resources

Emergency well

Emergency supply warehouse

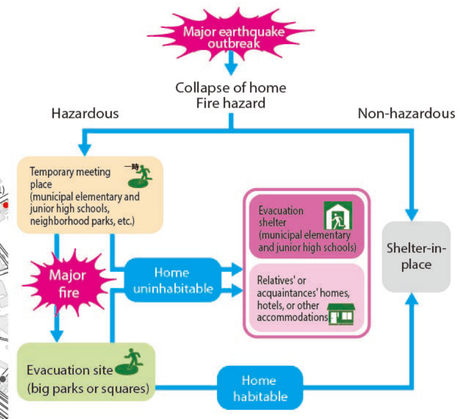

Use the Itabashi Disaster Prevention + App!

With this app, you can confirm your family's safety, receive evacuation information, and check the status of the utilities.

Flow of Evacuation

Evacuation site
Johoku Chuo Park Area
Nakadai 3 Chome Area

Neighborhood/residents' association name	Temporary meeting place
Tokiwadai Neighborhood Association	Open space in front of Tokyo Metropolitan Housing
Tokiwadai-higashi Neighborhood Association	Tokiwadai Park
Tokiwadai 1 & 2 Chome Neighborhood Association	Tokiwadai Park
Tokiwadai 3 Chome Neighborhood Association	Mizukubo Park
Tokiwadai 4 Chome Neighborhood Association	Kami-itabashi Daisan Junior High School
Miami-tokiwadai 1 Chome Neighborhood Association	Kami-itabashi Dai-ichi Junior High School (Shelter closed during building renovation) Mukaiyashiki Park (Temporary meeting place during Kami-itabashi Dai-ichi Junior High School renovation)
Miami-tokiwadai 2 Chome Neighborhood Association	Minami-tokiwadai Park
Kami-itabashi 1 Chome Neighborhood Association	Inside Toshincho 1 Chome Twin Tower grounds
Kami-itabashi 2 Chome Neighborhood Association	Kami-itabashi Daiyon Elementary School
Kami-itabashi 3 Chome Neighborhood Association	Shichiken-ya Park
Toshincho 1 Chome Neighborhood Association	Shichiken-ya Park
Kami-itabashi Sunlight Residents' Association	Kamiita Fuji Park

Daily preparations

Check the box when completed.

- ☐ Install a furniture anti-tip kit.
- ☐ Install an earth leakage circuit breaker.
- ☐ Prepare portable toilets and stock a week's supply of food.
- ☐ Receive a building quake-resistance assessment and remove or rebuild any hazardous concrete block walls.
- ☐ Check the locations of street fire extinguishers.
- ☐ Check your nearest evacuation site and evacuation shelter.

In the event of an earthquake

Write down your nearest evacuation site.

◇ If there is a risk of home collapse or fire

Ensure your safety first.
Temporary meeting place
Municipal elementary and junior high schools, nearby parks, etc.

If a major fire occurs
Evacuation site
Big parks, squares, etc.

If your home is uninhabitable
Evacuation shelters, relatives' or acquaintances' homes, hotels, etc.

◇ If your home is habitable ⇒ Shelter in place.
Stock up on food and daily necessities on a regular basis to stay safe at home.

In the event of an earthquake directly beneath the eastern part of Tama, the assumed seismic intensity in the Tokiwadai Area would be **lower 6 to upper 6.**

This map uses data provided by Itabashi City. However, due to limitations in data accuracy, there may be differences between actual locations and those shown on the map.

This map is based on the latest data provided by the City at the time of its creation. Information on the map may differ from current conditions in some areas.

This map was created with modifications to the Fundamental Geospatial Data (basic items) issued by the Geospatial Information Authority of Japan.
