## Industrial Tourism

Itabashi City, one of the leading industrial cities in Tokyo, offer tours to places that are usually difficult to see, such as factories, under the cooperation of the companies. The tours provide opportunities for a deeper understanding of the local industries, as well as each company's attractions generated from their persistence and passion towards craftsmanship and manufacturing.

To join a tour, please contact the company in advance as per below:

### Itabashi's Specialties Selected By Its Residents

"The city of Itabashi certifies commodities such as Japanese and Western confectionery, delicatessen, and alcoholic beverage, recommended by the residents, and collectively call them "Itabashi's Specialties". Every selected commodity is a result of the shop's originality and ingenuity. We hope you pick up Itabashi's proud specialties for your daily use, souvenirs to your hometown, and presents to your friends."

### "Itabashi's Specialties Selected By Its Residents"

### Line of Cherry Trees along the Shakuji River

In the cherry blossom viewing season, the entire river bank will be in full bloom of over 1,000 cherry trees. Along the river, the line of cherry trees stretch all the way to Asukayama of Kita City, a place famous for its cherry blossoms since the Edo period. This is the place to enjoy cherry blossoms on a spring day. (4min. walk from "Naka-Itabashi" Sta., Tobu Tojo Line)
